

## Temporary Trip Permits

For those taxpayers who cannot come into a taxpayer service office or wait for turnaround on mail orders to obtain decals, wire services provide Maryland 15-day trip permits at a cost of \$42 *plus* wire charges.

The permits are good for 15 consecutive days and are vehicle specific (make of vehicle, serial number and state in which tagged). Separate permits are needed for each state and are not available to revoked IFTA registrants from any jurisdiction.

## Temporary Permit Services

Temporary permit services are available 24 hours a day, 365 days a year.
